

WIDECO-MOTO

MOTORIZED WIRE DECOILER

WIDECO-Moto will serve you as a heavy-duty, reliable & cost-efficient decoiler for your wire drawing applications. It provides a reliable solution for decoiling in various wire drawing applications.

With its sensor-attached feed arm, WIDECO-Moto adjusts its motor speed precisely and smoothly to ensure a continuous wire flow. Its wire guides ensure that the wire will not get off the track or stuck. And via its integrated wire sensor, WIDECO alerts the operator when the wire coil is depleted.

Discover WIDECO-Moto, our robust and reliable wire decoiling product!

Features

Closed-Loop Controlled Decoiling : Adjusts rotational/decoiling speed for intermittent drawing applications.

Integrated Wire Sensor : Prevents undesired consequences of raw material depletion.

Specifications

Empty Weight : 210 kg
Wire Loading Capacity : 500 kg
Dimensions : L:1500, W:1500, H:1400 mm
